

NATIONAL STATISTICS OFFICE

LETTER TO HOUSEHOLDS ON THE 2025 POPULATION CHANGE AND FAMILY PLANNING SURVEY

Dear: Sir/ Madam,

The National Statistics Office (NSO) - the Viet Nam's national statistical agency under the Ministry of Finance, wishes to present our most respectful greetings to you and all members in your household.

We would like to express our sincere appreciation for your decision to choose Viet Nam as a place of residence.

Lady/ Gentlement,

Within the framework of the national statistical survey programme issued by Viet Nam's Prime Minister, NSO is in charge of conducting the **2025 Population and Family Planning Survey (PSC)**, which will take place from 1 to 30 April annually. The PSC will focus on collection of information on population and its demographic characteristics to inform planning and development of national strategies and policies related to population, including foreigners currently residing in Viet Nam's territory.

In order to carry out the afore-mentioned task, we have made a list of households residing in the sampled locality based on which a number of sampled households are selected to take part in the survey. Your household together with 39 other households in this area are on our selection list.

The NSO would like to seek your agreement to spend about 10 minutes for this survey by providing information about your household and all family members. Our staff members will conduct an interview with you and record all the required information via an electronic form installed in their smart phones. Alternatively, the interviewer will give you a hard copy of questionnaires for you to write down all the questions and return the filled form back to our enumerator.

According to Article 33 of the Law on Statistics, it is the obligation of organisations and individuals to provide information for statistical agencies. In addition, by participation in this survey, all the provided information shall be kept strictly confidential in accordance with Article 57 of the Law on Statistics and Decree No. 13/2023/NĐ-CP dated 17/4/2023 by the Government on Protection of Personal Data in Viet Nam.

Again, we sincerely thank you for your cooperation. We wish you good health, happiness and success.

**Nguyễn Thị Hương
Director**
